General Specifications

Upholstered Seat and Back: Seat cushions are 3-1/4" high-density upholstery grade foam. Back cushions are high-density upholstery grade foam and are tapered from 4" at the base to 3" at the top. Vinyl and fabric available. Can use a combination of both. Upholstered seat and back cushions are fastened to bench base and bench back with hook and loop fasteners.

Bench Base and Bench Back Assembly: The assemblies are fabricated from 3/4" engineered wood with premium grade oak or maple veneer faces or HPL faces. Finished edges of veneer assemblies receive a 3mm solid wood edge. Finished edges of HPL assemblies receive a 3mm PVC edges. Bench base assembly is bolted to bench back assembly with metal-to-metal connection. Back panel can be finished in veneer or HPL face.

Leg Assemblies: Legs are fabricated from 5/16" plate steel and include a curved profile with a square mounting plate. The bottom of each leg is fitted with a threaded weld nut and a 1-7/8" black leveling glide.
